

The Twain Harte Lake Association Board of Directors has approved and established policies and procedures for off-season lake use/access for Twain Harte Lake Association members. Each Twain Harte Lake Association member will receive a key code for off-season Lake admission.

You will be required to sign a new waiver this year before you have access to your new gate code for the 2022-2023 off-season gate.

The primary member and designated family members and guests accompanied by the primary member may enter the Lake during the off-season via the coded key pad gate entrance which is located along the fence line behind the west beach area.

Admission: To access your individual key code you must sign into your THLA Reservation program profile at reservations.thlake.org and the primary member or family member must accept the Liability Waiver form. Upon acceptance of the Liability Waiver form Members can access their assigned individualized gate code located in their profile.

If you need assistance logging into your reservation portal please email Erik at thlake@sbcglobal.net.

Abuse of off-season Lake admission use by any member may result in loss of Lake Membership. Admission to Twain Harte Lake during the off-season with the member's specific code may not be freely or capriciously used by persons who are not members of Twain Harte Lake Association. This code is not to be given to vacation renters or unaccompanied guests. Please remember that each member is responsible for their guests and that any violation of the rules of the offseason gate will reflect on the member associated with their guest. Any member violating this condition may be subject to loss of Lake privileges or loss of membership in Twain Harte Lake Association.

RULES AND ADMISSION REGULATIONS:

1. Hours are 9:00 am to dusk
2. All regular Lake Rules apply. Twain Harte Lake Rules and Admission Regulations can be found at our website: <http://www.thlake.org/rules>
3. No Dogs or Pets of any kind.
4. No Food or drinks are permitted on the beach or inside this facility.
5. I will not give out my key code to anyone other than immediate family - No Renters or unaccompanied guests are permitted.
6. I acknowledge that specific conditions (weather, maintenance needs, or silt removal) would cause Lake access to be denied.
7. I acknowledge that swimming will be at own risk – no lifeguards or staff of any kind will be on duty. There will be no restrooms available; no water quality testing will be done after Labor Day and the Snack Shack will be closed.

Thank you & we wish you all a happy and safe Fall Season.

Kindly,

Your Twain Harte Lake Association
